## Welcome to KARLSRUHE

### You can count on us!

For 100 years, youth hostels have embodied values that make life richer. Hostels are for all those who go through life open-mindedly, who want to experience togetherness and who actively approach others, who are courageous, even adventurous at times. Because young people don't need a corset if they've got a backbone of their own. The only time they twist and bend is for sports or with laughter. They are people who live a life worth living, worth envying, and they make more of it.

### Portrait

Karlsruhe: between culture and technology, town and countryside. Not yet 300 years old, Karlsruhe has enjoyed a long tradition as a research metropolis. What would the world look like without the invention of Karl Benz, a native son of Karlsruhe? The way the town's streets fan out is famous not only with architects. Karlsruhe is also known as the "green city". Parks with towering trees and well-kept gardens characterize the town. How about just strolling through the park? Or visiting the ZKM? Or going on a trip to the zoological city gardens?

### Location & Directions

The hostel is on the edge of an extended play and forest area, about a 10 minute walk from the town centre.
